To Subscribers.

To the many subscribers who have already entered into the 7 Years' Subscription Agreement we offer our warm thanks. The increased income shown under Subscriptions is largely due to them.

We shall be most grateful to all those subscribers who have *not* yet made use of the Agreement, which is for seven years or during life, whichever is the shorter period, if they will do so.

The Agreement enables the Hospital to recover the Income Tax paid on the Subscription: and it also enables Subscribers liable to Super Tax to deduct the gross amount of their Subscriptions from the income assessable for that tax.

Thus, without any extra expense to themselves, they can benefit the funds of the Hospital very materially, as is shown by the Table, calculating income tax at 4/9 in the £, below:—

During 1933 many Governors and friends of the Hospital were successful in enlisting new Subscribers for the Middlesex Hospital.

Will all our friends make, this year, a special effort to bring in new Subscribers, and ask them to make use of the Agreement, which adds so materially to the value of their support?

THE MIDDLESEX HOSPITAL

(FOUNDED 1745)

AND

CANCER WING

(Instituted 1792).

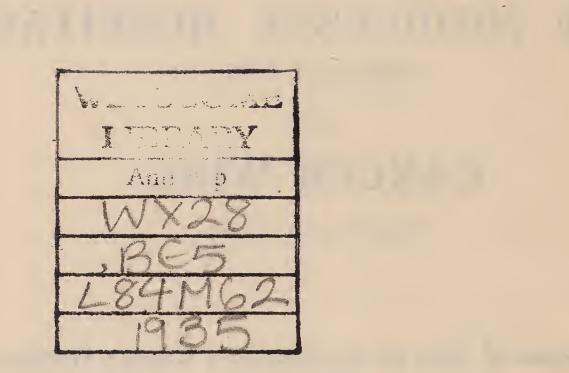

Alteration of Title of the Middlesex Cancer Hospital to the Middlesex Hospital Cancer Wing.

It having been found that the separate title of The Middlesex Cancer Hospital has led to some misconceptions and confused many of our supporters, the Court of Covernors at its meeting on April 10th, 1930, resolved on the advice of the Board to revert to the old title of The Middlesex Hospital Cancer Wing.

The Report and Accounts of the two Institutions are accordingly being issued in one book.

THE MIDDLESEX HOSPITAL AND CANCER WING.

REPORT FOR 1935.

To the Court of Governors.

My Lords, Ladies and Gentlemen,

The year 1934, through the unforgettable generosity of our thousands of friends, brought us at last to the end of our ten year quest for funds to rebuild our Hospital. The Jubilee year 1935 brought us our reward in the final completion of our buildings, and we may now congratulate ourselves on the possession of the most up-to-date and the best equipped Hospital in the British Isles. We have already had many visitors both from home and from abroad who are themselves planning new hospital construction on the most modern lines and who wish in the first instance to inspect our buildings and equipment. We can, I think, safely say that for many years to come no hospital planning of any magnitude will be undertaken without a thorough preliminary examination of the Middlesex.

Throughout our reconstruction the Royal Family have watched our progress with the keenest sympathy, and yet a further proof of their interest was evinced by H.R.H. the Duke of York most graciously consenting to perform the opening ceremony on May 29th. It was perhaps especially fitting that His Royal Highness should have officiated on that occasion, for he is the President of the British Empire Cancer Campaign, and the new Middlesex Hospital is at least as well equipped as any other institution to fight the battle against Cancer. His Royal Highness was graciously pleased to commend particularly the research work carried on in the laboratories of the Medical School, work which has already contributed greatly to the alleviation of the scourge, though unhappily complete victory has not yet been attained. His Royal Highness also

referred to the generosity of the British Public, who had given us this building. That Public, he felt confident, would continue to assist us to make full use of our new facilities. This confidence, I feel sure, is not misplaced.

Here I would call to your mind again this year our urgent need of new subscribers and my request that all the many friends of the Hospital will each do their utmost to persuade at least one of their friends into becoming an annual subscriber however small the amount may be. If you will let us have the names and addresses of any such new subscribers we will get into touch with them and do our best to make them as keen supporters of the Middlesex as you are. This, I must impress upon you, is of vital importance, for this year has seen the establishment of many of the new departments to which we have so long looked forward and the maintenance of which is so essential to our tradition of service.

Owing to the improvement in our kitchen services those patients who are able to take them now have the benefit of three cooked meals a day, where they had only one before. This is of great medical importance, contributing largely to the resistance of patients to disease and hastening their recovery.

Again our new dietetic kitchen under a specially trained officer, is in full working order. Here special diets for diabetic and other patients are most carefully and accurately prepared, each case receiving individual attention. Instruction in dieting is also given to out patients and patients on discharge by the dietitian in charge of the department.

The W. H. Collins X-Ray Diagnostic Department, the best equipped of its kind in England started work this year under the able direction of Dr. Graham Hodgson. It seems but a short while ago that this service was regarded as a luxury which few could enjoy, and yet it is now fast becoming a common medical necessity without which medical and surgical services would be seriously curtailed. As a result the work of the department continues rapidly to increase.

Work too has been begun on the establishment of the Department of Radio-Therapy and Research, for which Mr. Meyerstein has so munificently given the plant and equipment. This department, which will take up five floors at the northern end of the Cancer Wing, will, we hope, be ready and in full swing by the end of 1936.

The formation of the Courtauld Clinical Unit in the crosspiece of the Hospital opened a new chapter in the treatment and investigation of disease and linked the Medical School and Laboratories still more closely with the daily work of the Clinicians in the Hospital. For here, thanks

to the far-sighted generosity of Mr. S. A. Courtauld, the Professors of Pathology, Biochemistry and Physiology are directly responsible in association with the appropriate members of the Honorary Medical Staff, for the treatment of cases in the Wards of the Unit. It is a progressive step of the greatest importance to Medical Science and value to the patients suffering from various diseases thus under intensive study.

Alterations and extensions are also being carried out in the Cardiographic and Casualty Departments of which the latter especially has long needed an increase of space and staff.

You will see from this brief account of our increased services, all so necessary, to a greatly increased number of patients; how urgent is our need of increased sums for maintenance and endowment. Remember that whilst we have already increased the number of our beds to 592, we could add another 130 within the new building if we had the income to justify us in doing it. But whilst our income is less than our present expenditure it is manifestly impossible for us to make the fullest possible use of our new opportunities.

Turning to the other side of the picture, I am happy again to be ableto thank many friends, old and new, for their wonderful help during 1935.

The Ladies' Appeal Committee met for the last time at the end of 1934, having raised for us the huge sum of £45,000. But their dissolution was but a translation, and now in the form of the Maintenance Appeal Committee under the Chairmanship of Lady Violet Astor they have combined with the Appeal Advisory Committee and we look to them with complete confidence to help us in our difficulties as they have done in the past.

Mr. Meyerstein with a magnificent gift of £20,000 has enabled us to complete the Residents' House for students, and medical officers.

The Middlesex Rugby Football Union again devoted the proceeds of the Seven-a-Side Rugby Finals to our Cancer fund, and I am glad to say that the event broke all records.

Mrs. Baer organised the annual ball and other functions with her usual inexhaustible energy and efficiency, the proceeds coming in all to £1,654 8s. 0d.

The Dressmakers' Association and the Bond Street Association have equipped two orthopædic wards and are subscribing most generously to their maintenance.

Our Ladies' Association, apart from their many other activities, have undertaken the upkeep of a bed, as have the Wholesale Fashion Trades' Association.

Another very welcome endowment of a cot in the Children's Ward was completed by old Harrovians, whose interest in it was engaged by the Hon. R. C. Boyle and Colonel W. Wyndham, to whom we are very grateful.

Our young friends the Middlesex Mice have continued their contribution towards the endowment of a cot, and the Middlesex Girl Guides, whom we welcome most warmly into the circle of our supporters have also promised to take one over. They subscribed £100 to mark the Jubilee Year, and the tablet is over their cot as earnest of their intention to complete its endowment.

I should like to make particular mention of the generosity of the Nursing Staff and their friends who have presented us this year with the splendid sum of £300.

Gifts of £2,000 from Sir Edmund Davis and of £500 from Sir A. Percy Shepherd also deserve our warmest thanks.

The hard work of the ladies who organised the collections on Alexandra Rose Day resulted as usual in a great success.

Towards the end of the year we sent out a special appeal to old friends and to many whom we hoped would become subscribers and I must express my warmest gratitude to those who responded to our need for increased maintenance.

Turning to other events of the year I am delighted to be able to welcome our new President His Grace the Duke of Northumberland. The Head of the House of Percy has been President of the Middlesex almost since its foundation and we are most happy that His Grace has agreed to follow in the footsteps of his ancestors.

The death of Lord Woolavington was a blow which we all felt most deeply. He lived to see his great wing in full working order and his scheme a complete success, and this I know was a source of great satisfaction to him. That the Woolavington Wing, conceived as a nursing home for persons of moderate means, filled a long felt want is shown by the fact that no bed is ever empty for longer than it takes to prepare the room for another patient. I must again congratulate Mr. Theobald Mathew and his Committee on the ability with which they supervise the Wing's affairs.

The National Radium Commission has honoured the Middlesex by entrusting us with the administration of a Radium Pool which serves seven other Hospitals besides ourselves. This has resulted in a more economical use being made of the existing stocks of Radium, whilst

releasing a part of the King's Fund's radium to which we have added some of our own to make up another large unit. We shall shortly have a 2 gramme unit, for which the King's Fund have generously provided the apparatus for its operation.

Dr. Windeyer, with the assistance of the Registry Staff, has compiled and produced for the Radio-Therapy Committee a statistical survey of cancer cases covering a period of five years. He and the Committee are greatly to be congratulated on a clear and valuable report which forms an important contribution to the cancer research work carried on by the Hospital. This is but one of the results of our careful and elaborate system of recording the history of cases and of following up their subsequent history after discharge.

Negotiations were entered into early this year with the Westminster City Council regarding the lease of the Annexe which falls in shortly. This valuable property is the only one of which the Middlesex does not possess the freehold, and after long and careful deliberation it was decided to purchase it if that could reasonably be done. Your Board have always taken a long view of their responsibilities and they held that they owed a duty to their successors to make them absolute masters in their own house. The Westminster City Council gave most sympathetic consideration to our request with the result that the freehold will shortly be purchased. I am convinced that this step will redound greatly to the advantage of the Hospital.

The question of rating of Hospitals has long been one of vital importance to us, and I brought it strongly before you at the last Court of Governors. I described it then as a "fantastic anachronism" that the voluntary hospitals should pay heavy rates when they are performing so great a public service. There are difficulties, admittedly, in getting a clear case presented. Hospital assessments vary very much, and some Hospitals which are generously treated by Local Authorities fear that uniformity might add to their burdens. Myself, I think that recognised Hospitals should be freed from rates altogether. Again some boroughs have a number of large Hospitals in them from which to-day they derive an appreciable part of their income. Others have none. But the Hospitals serve the whole community, and the loss of local revenue should be shared by all authorities, just as the cost of certain services is already.

Early in the year we made an application for the derating of the Laundry at Hendon on the ground that it was not a profit making institution. We were unsuccessful, but in the question of the rating of the new buildings we have reason to be grateful to the Marylebone Town Council. In this case the buildings have been considered as a whole and we now pay some £2,000 a year less than at one time we feared we would have to find when our great new buildings came to be occupied. This, in our straightened financial circumstances is a tremendous boon.

The expense of the boiler house, which supplies heating to all the hospital buildings has received our careful consideration during the year, and it has been decided in the interests of economy to change from oil to solid fuel. This though less satisfactory in some ways, will, it is estimated, effect an economy of some £1,000 a year.

The work of all departments of the Hospital has been carried on this year with the quiet efficiency to which we have become accustomed, in spite of greatly increased pressure of work. Out of the many administrative departments I would refer in particular to the Almoners. Their difficult task of assessing the means of patients and of deciding on their ability to pay more or less or nothing towards the treatment they receive is one that demands extreme delicacy and tact. While no patient is ever refused admission on account of poverty it is essential that those who can pay something should be asked to do so. In many cases we find that patients are ready to pay more than we think they should afford, and it is comparatively rare for unfair advantage to be taken of the Hospital. The happy relations existing between Almoners and patients is of great value to us after they have left the Hospital, and we pride ourselves in the belief that when we admit a patient we will discharge a friend.

It is also part of the Almoners duties to provide for the care of patients after they have left the Hospital, to supply them with surgical appliances, to assist them in following necessary dietary regimes to put them in touch with their district nurses, and to see generally that they receive all the help that it is possible to obtain for them.

The All Help League continues to keep in touch with patients in other ways. So many have a lasting gratitude for the treatment they have received that the size of the League is continually increasing and the work they do and the help they give is the greatest encouragement to us all. 341 new members were enrolled last year and the junior branch was strengthened by 73 Crusaders. The Crusaders special effort this year was towards the endowment of a cot, and they contributed £279 13s. 1d. Other receipts totalled £1,111 7s. 2d., which shows an increase on the year before of £49 15s. 0d. Again we must thank the Chairman of the League Mr F. F. Taylor and his Committee for their great services.

We have not yet been able to improve the quarters of the Infant Welfare Department, but we hope when the alterations to the Annexe are completed to give it worthy accommodation. But in spite of its unsatisfactory quarters its services are in great demand and it continues to do most excellent work. Our voluntary workers have again been indefatigable as is shown by the great number of home visits they have paid, 2,044 in all this year. These visits are of the greatest value and are much appreciated by all those who benefit from them. The British Red Cross Society and other friends have also helped us again this year by supplying garments, wool and other materials. Miss M. Cullen has again placed her cottage on Mickleham Downs at the disposal of the Department during the summer months. We owe a great debt of gratitude to these generous supporters.

The Convalescent Home at Clacton has maintained its hold on the affections of our patients. It is splendidly situated, and with its large and beautifully kept gardens and its cheerful rest rooms, makes an ideal home of recovery.

The Ladies Association I have already mentioned in connection with their promise to endow a bed. They have been active in many other directions as well. The Library to which "The Times" and The Times Book Club gave £300 in 1934 has proved a great blessing to the patients. We now have books of all kinds, ranging from the lightest novel to the heaviest treatise, and we cater for every kind of literary taste. Nor are our foreign patients unprovided for, as we have books in French, German, Italian, Czechoslovakian, Yiddish, and many other languages. Mrs. Beddington and her helpers maintain a daily service of books to the Wards, and we are indeed most grateful to them. The other branches of the Association, the Clothes Depot, the Ward Visiting, the Work Parties, the care of the Garden have all carried on with the same zeal and enthusiasm as in former years. It is a wonderful association and we are proud to have its help.

To Miss Marriage our grateful thanks are due for continuing, in spite of illness, her collections for the Cancer Wing, which realised last year £70.

It gives us great pleasure to welcome Mr. Sidney Ansley and Mr. Raymond Evershed K.C. as new members of the Board, and I hope that their connection with the Middlesex will be a long and happy one.

In this short summary of our activities during the year 1935, I have tried to put before you a picture of the many and varied tasks we have to perform. But to enable you to realise to the full the magnitude of our

services I must ask you to scrutinise some of our figures and statistics. I am sure you will agree with me that they are truly amazing.

Including the Woolavington Wing we have now a complement of 592 beds. We have accommodation, had we but the funds, for more than 700 patients. The number of patients admitted was 9,382 with an average of 534.1 beds occupied daily. Their average stay was 21 days, a slight increase, and the average cost per week was £5 3s. 3d.

Out-Patients.—53,995 new patients were recorded in this year and actual attendances amounted to 274,173.

Our Convalescent Home received 1,539 patients during the year. Other convalescent homes received 697 of our patients, 537 men and women and 160 children. Sanatorium treatment was obtained through the County Councils for 88 adults and 12 children.

We obtained the aid of the District Nurses' Association for 386 adults and 163 children.

1143 surgical appliances were supplied to in-patients and outpatients.

The cost of these services was in many cases borne or partly so by the patients themselves, directly or through the mutual aid societies to which they contribute; in other cases we had to call on the Dresden and Samaritan funds as in former years.

Grants from the George Balfour Black fund for cancer patients suffering in their own homes amounted to £68 4s. 6d. and from the Dental Fund to £51 6s. 0d.

The total amount contributed by patients was £32,764 12s. 6d., a very satisfactory increase on last year. This sum was made up of £17,497 8s. 11d. from direct contributions, £12,826 15s. 7d. through the Hospital Savings Association, £1,352 12s. 6d. from the Hospital Saturday Fund and £1,087 15s. 6d from Approved Societies.

Income for the year was £154,062 10s, 9d. and Expenditure £170,590 0s. 5d., showing a deficit of £16,527 9s. 8d., against a deficit in 1934 of £6,687 9s. 1d.

It is inevitable that the new Hospital should cost more to maintain than the old. It is larger, it has developed its special Departments, and it now provides a better health service. The best costs more than the second best.

In the light of these figures, and with the disappearance of our General Fund reserve, it is imperatively necessary to increase our income. I appeal to you again most earnestly, to do what you can to bring new subscribers to our assistance.

I have the honour to be,

My Lords, Ladies and Gentlemen,

Your obedient servant,

When '

Chairman.

BOARD ROOM,

THE MIDDLESEX HOSPITAL,

April, 1936.

The Medical School (1934-5).

The Centenary of the foundation of the Medical School was celebrated in the Garden of the Hospital on July 24th, 1935, and also at a Conversazione in the evening of the same day.

The Ceremony began at 3.0 p.m., when the Chairman of the Hospital, H.R.H. Prince Arthur of Connaught, K.G., arrived on the platform to receive a Procession consisting of The Dean of the Medical School, H. E. A. Boldero, M.A., M.D., F.R.C.P., The President of the British Collège of Obstetrics and Gynæcology, J. S. Fairbairn, M.A., M.B., B.Ch., F.R.C.P., F.R.C.S., M.M.S.A., (Hon.)., The Deputy Master of the Society of Apothecaries, J. O. Wakelin Barratt, M.D., B.S., D.Sc., F.R.C.P., F.R.C.S., The Regius Professor of Physic, Cambridge, Sir Walter Langdon-Brown, M.A., M.D., F.R.C.P., The Regius Professor of Medicine, Oxford (Deputy), K. J. Franklin M.A., D.M., M.R.C.P., (Dean of Medical Faculty), The President of the Royal College of Surgeons, Sir Cuthbert S. Wallace, K.C.M.G., C.B., M.B., B.S., The President of the Royal College of Physicians, The Rt. Hon. The Lord Dawson of Penn, P.C., G.C.V.O., K.C.B., K.C.M.G., M.D., B.Sc., and the Chancellor of the University of London, Major-General The Rt. Hon. The Earl of Athloné, K.G., P.C., G.C.M.G., G.C.V.O., D.S.O.

His Royal Highness Prince Arthur of Connaught formally opened the proceedings by welcoming the Chancellor of our University, the Presidents of the Royal Colleges, and other distinguished representatives, and called upon Mr. A. E. Webb-Johnson, Honorary Treasurer of the Medical School, to deliver an Address entitled "The First Hundred Years." Mr. Webb-Johnson's admirable and interesting Address was followed by the Report of the Dean, after which Scholarships and Prizes were awarded.

All Departments of the School contain more students, and this is particularly true of the Pre-medical and Intermediate Departments. One effect is not a little gratifying, that the proportion of successes in examinations has been raised. Surely this reflects great credit on the teaching staff.

Now that the new Hospital is opened increased and improved opportunities for teaching the clinical subjects are at hand, and the School is ready fully to profit by them.

It is a pleasure to report that our co-operation with the London County Council continues to be of the happiest, and the added facilities they afford us are proving of very real value. It is with deep regret that I report the death of Dr. J. Strickland Goodall, who died in November after a long illness which he bore most bravely. He joined the School in 1895 as Senior Entrance Scholar, and he was continuously associated with the School for the next 25 years. He was Lecturer in Physiology and Biology for 17 years, and in addition was Sub-Dean from 1908-1919. For what he gave to the School, both as teacher and adminstrator, he will be long and gratefully remembered.

The Council has instituted a new prize, The Kingston Fowler Prize in Pathology, to commemorate that great Physician, and in gratitude for a legacy he bequeathed to the School.

During this Academic year our teaching has been strengthened by the addition of two men to the Honorary Staff of the Hospital. To Dr. H. Graham Hodgson we extend a sincere welcome. He has given much time and original thought to the creation of the new X-ray Department on the ground floor of the East Wing, which has now become an active teaching centre for his speciality.

The growth of the Orthopædic Department and the establishment of a new Fracture Service have led the Court of Governors to create a new post, that of Assistant Orthopædic Surgeon. Mr. Philip Wiles has been elected to fill this vacancy.

Dr. L. H. Clark, who served the School well for nearly 15 years, leaves with our regret to take over the post of Physicist to the Public Health Department of the London County Council.

It is a pleasure to recount that Mr. Gordon-Taylor, following his visit to Australasia, has been elected an Honorary Fellow of the Royal Australasian College of Surgeons.

The record of appointments to other Hospitals obtained by our graduates is a striking one. We wish to congratulate E. G. Muir on being elected an Assistant Surgeon to King's College Hospital. O. V. Lloyd-Davies has been appointed to the Staff of St. Mark's Hospital, and Harvey Jackson has been appointed an Assistant Surgeon to the West London Hospital, and also to the National Hospital, Queen's Square, whilst A. R. Banham has gone to the Provinces and joined the Staff of the Northampton Hospital.

The School is proud that the Royal College of Surgeons has chosen Mr. L. W. Proger to be Curator of the Pathological Section of their famous Museum.

We have also to thank Mr. S. A. Courtauld for giving us a Clinical Research Unit, mention of which has already been made.

The Medical School will greatly benefit by the recent opening of the Clinical Lecture Theatre, towards which so many old Middlesex men have contributed.

We are fortunate in receiving money from outside sources, and gratefully acknowledge an increased grant this year from the British Empire Cancer Campaign. The Medical Research Council are generous in their support of work in this School. Again it is encouraging that funds should be contributed from as far afield as the United States, for the International Cancer Research Fund of Pennsylvania are continuing their support.

During the latter part of this year the School Council has been giving carnest attention to the question of our Scholarships, and two main considerations have directed them in re-casting the scheme. First, that University of London students should receive increased opportunities; and secondly, that the brilliant individual should be able to gain scholarships which shall cover almost the whole period of his tuition.

There are many Scholarships at the London Schools for men who have done their pre-clinical studies elsewhere, for example, we have one for Oxford and one for Cambridge. Owing to the generosity of Mr. Edward W. Meyerstein the School Council is now able to give equal opportunities to London students, and has instituted two Scholarships of £100 each for London men who have done their pre-clinical work. Both these Scholarships have been endowed by Mr. Meyerstein, to whom we are deeply indebted.

Mr. Meyerstein has also given £20,000 specially to provide residential accommodation for students, and as a result of his munificent gift three floors have now been added to the Residents' House for that purpose.

The School Council desired to have on record the history of our first hundred years, and asked Dr. H. Campbell Thomson, Dean from 1908-1919, to write it, and "The Story of the Middlesex Hospital Medical School" can now be obtained from the School Secretary. We are most grateful to him for the happy result of his unselfish labour.

Seen as a whole, the history of our hundred years can give us courage, and with the closing of a satisfactory year of progress, we may assuredly have confidence in the future.

H. E. A. BOLDERO,

Dean of the Medical School,

Middlesex Hospital, W.1.

We have examined the above Balance Sheet dated 31st December, 1935, with the books and vouchers of the Hospital and have found them to be in agreement therewith. We report that to the best of our knowledge and belief the regulations of the Revised Uniform System of Hospital Accounts have been followed. During the year we inspected the documents of title in respect of the freehold and leasthold land and buildings, and have had produced to us certificates from bankers and others verifying the investments and the balances with bankers at the date of the Balance Sheet.
